令和８年度　入学者選抜試験問題（英語コミュニケーションⅠ）

1 次の英文は、中学生のショウタ(Shota)がALTのマイク(Mike)先生と、ショウタのある日の体験について対話している。会話文を読んで、あとの各問いに答えなさい。

Shota : I have something nice to tell you. It happened yesterday.
Mike : Oh, really? What happened ①(of / with / in / to) you?
Shota : When I was walking on the street, I saw a man and a woman. They looked around and talked about something. I thought they had a problem.
Mike : So, did you help them?
Shota : At first, I didn't help them because the language they were using was not Japanese. I thought it was Chinese. So I couldn't understand ②(what / why / when / where) they were talking about.
Mike : Now in Fukuoka, there are many people from other countries. Then what did you do?
Shota : Of course I couldn't speak to them in Chinese, so I didn't know what to do. Suddenly I thought I should speak to them in English. So I said, "May I help you?" to them.
Mike : Great, Shota! Did they understand you?
Shota : Yes! Then we began to talk in English. They were a married couple from China. They were looking for the post office because they wanted to send some postcards to their friends in China. I told them ③(what / why / how / where) to get to the nearest post office in English.
Mike : That's very interesting. A Japanese boy and a Chinese married couple talked in English. You really understand that English is useful for communication with foreign people.
Shota : Yes, and now, I want to talk more with foreign people in English. So I think I have to study English ④(hard / harder / easily / more easily) than before.
Mike : Shota, it is very important ⑤(of / with / for / on) you to study English.
